Welcome

Welcome to StarTypes, your personal astrology report written and illustrated by astrologer/author Michael Erlewine who, with over 40 years of experience in astrology, has written some twenty-some books on astrology and dozens of computer astrological programs. Erlewine writes:

"I have lectured, taught classes, and done private consultations for more years than I want to think about. What I have found works best is a one-to-one presentation of the astrological chart - your personal astrology. In the StarTypes reports, I have tried to do just that: walk you through what is most important about your astrology chart, step-by-step, just as I would if we sat down together for a chart reading. StarTypes Reports are illustrated and easy to read. After all, they are all about you!"

Patterns in the Sky

StarTypes astrology is both ancient and modern. It is ancient, because it uses the traditional natal chart that astrologers have used throughout history. It is modern because it also takes advantage of what astronomers have learned about the heavens and our solar system in these modern times. The result is a unique combination of ancient and modern astrology that provides a unique perspective on your particular birth chart and therefore your life. This is how it works:

StarType analysis plots large-scale planetary patterns as seen from Earth and compares those patterns to corresponding patterns astronomers see functioning throughout our entire solar system. StarTypes charts not only the outer circumstances of your birth (your personality and Karma), but also the internal and spiritual qualities embedded in that same moment, your inner motivation, what has been called your Dharma or Life Path. The result is an enhanced perspective that in effect amounts to a stereo image of your birth moment and chart, looking inside and out.

StarTypes analysis offers a very complete perspective on your birth moment, with insights into what talents you naturally have, how those talents might be used, as well as your relationship role with partners, romantic and otherwise. Check it out. What follows is your own StarType report. I hope you enjoy it.

[StarType for Aleister](#)

The heavens above and surrounding us are in constant change as the Sun, Moon, and planets move in their orbits to create vast kaleidoscope-like patterns in the sky, what has been rightly called "The Cosmic Dance." StarType analysis sorts through these many changing patterns and isolates the strongest and most pronounced pattern in effect at the moment of your birth. This cosmic pattern or archetype is your "StarType," and it best represents what is happening in the heavens at the moment of your birth. All in all there are some sixty major StarType patterns that have been recognized, and each represents a particular kind of individual and approach to life.

Your StarType is more than just your personality and the circumstances in which you happen to find yourself in life. It also describes who you are at heart, the real inner you behind all that is going on the outside, plus your possibilities - how you look at and approach life. StarTypes reveal the 'you' as only your closest friends know you, as you know yourself. What follows is a description of our StarType.

[This StarType:](#)

First: Aleister is a rare bird. This StarType seldom comes up, and it is probably the single most useful (and used) of them all, he should prepare to be accessed. Folks like Aleister are born with information somehow embedded in their very physical fabric, information of enormous use to others, and the world they find themselves living in. He is one of these and the keyword for this StarType is 'seminal,' so take note. Aleister's influence will be felt by everyone who comes to know him and almost everything he touches will bring results, but not always for him, personally.

And this too is important: Aleister's gifts doesn't depend on what he thinks or says, not even in how he appears or what he does. Think about that for a moment. It is what we ARE that is important and the information (if we can call it that) that Aleister carries embedded in his very genes and self. Aleister has only to make himself available and helpful to others for them, and whatever they represent, to benefit and take advantage of what he carries locked in his makeup. Sounds like a sci-fi film, right? Sorry. Let me try to say it more simply: Aleister communicates, by his very nature and presence, information and ideas that activate and stir up the general process of life - start things. Think "catalyst." From contact with him, ideas arise and come into the mind and thus (eventually) into being through mere proximity to him. Again: this is non-verbal. It does not matter if Aleister is nice or not nice. It just happens. He is a catalyst.

Your Approach to Relationships

Relationships are not only important to Aleister, but are of crucial importance. By nature, he is intuitive (perhaps even psychic at times), very much feeling his way along and through life by using his gut sense, and whatever hunches he may have.

Another way of saying this is: Aleister sees the trees way more than the forest. He hungers to get more perspective and to better grasp the "big picture." To help with this, relationships come to the rescue. Since he is strong in intuition and natural savvy, he would benefit from partners that can bring him some of the overall perspective that he likes, in particular the green StarTypes, like #5 and #60. But any green type will probably bring some benefit.

Relating with these green StarTypes, perhaps even working closely with them, in a business or personal way can help Aleister develop better overall vision, perspective into his life, his capabilities, and what best to do with his life - what route to take.

Vocational Suggestions

Intuitive to the point of tunnel vision, Aleister's sense of whether things feel right or wrong is profound. Everyone who knows him benefits from this natural instinct for the truth, and he exerts a seminal influence on all he comes in contact with.

The price he pays for this gift, is that he sometimes gets lost in the trees, and can't see the forest, or he has trouble seeing the big picture and remembering what this life he is living is all about.

Therefore Aleister can benefit from the more pure types of 'The Lover' StarType, in particular the Grand Trine and the Kite, who will help him to better understand what he is going through, who he is, and to perhaps guide him in day-to-day decisions. Look for the Grand Trine pattern, which is the large green triangle.

As for the blue-bordered cards, keep in mind that they have the qualities of both the red-bordered and the green-bordered cards within their makeup. When relating to them, Aleister will want to invoke the care-giving and advice giving aspect of them. He will call out the lover in them, with him being the loved one that they care for.

Things Are Not Always What They Seem

Things are not always what they seem, especially when meeting someone for the first time. How do those around you see you? Are you a "What You See Is What You Get" type or are you a "What You See is Not What You Get" type. Are you different once folks get to know you? StarTypes has way of measuring the difference.

On the following page is a comparison of the traditional astrology chart of the outer appearances of this individual (personality), the way this person comes across AND the chart of their inner Self (Dharma chart), the individual as they are when you come to know them better. This will give you an idea if what you see is in fact what you get.

Your Inner and Outer StarTypes

Inner StarType

Outer StarType

Above find your inner and outer StarType cards. Perhaps the more important of the two is the inner StarType, the one on the left. This is what is called your Dharma of Life-Path Chart. It is who you are inside, as people get to know you. This is your heart essence, how you function in this world.

On the right is the chart of how you appear to others, your personality, the way you come across upon first contact - the initial impression. These two cards can be similar in type and function or very different. If the border color of the cards is the same (green, red, blue, or rose), then you are more-or-less how you appear, that is: what you see is what you get. If they are different, colors, then you may be quite different on first impression than you are when people get to know you. In that case, what you see is not what you get.

StarType Appearances

You Are What You Appear To Be

There is no difference between how this person appears and how they are when you get to know them. What you see is what you get. Aleister is Warm, gregarious, and friendly, the life of the party, and the object of attention much of the time - a people person.

The KEY StarType for Aleister

Key StarType: The Seed

Pros:

Aleister is a rare bird, of great value to any company or venture. First, he is warm and charismatic to be around. People naturally like him and very much enjoy being with him, spending time with him. Here is a hands-on, intuitive, feel-your-way-along person, who has an innate sense of things and savvy that is the envy of others. More important perhaps, he can have an enormous effect on any project or group he plays a part in, and is a kind of natural stimulus for others, kind of an idea wishing-well. Contact with Aleister can produce real and important changes in how a project will go. He is a valuable team member and worker.

Cons:

Aleister is very stubborn and almost impossible to move off a position. While brilliant intuitively, he has problems with higher-level management, in particularly with planning, seeing the big picture in advance, scooping out the future. He tends to be warm and gregarious, but not always thoughtful and considerate.

The Artisan

Another StarType pattern in effect at your birth is: Here is another quite independent StarType, one with great mental powers, albeit folded in on themselves, and all converging to a single practical point, like a laser beam. Aleister's mind always has a very practical point of focus that cuts through a problem like the tip of a blowtorch. His very strong ability to think and focus tends to be somewhat inward oriented and almost recursive, in that his mind very much guides the hand that does the work, and with great precision.

The Teacher

Another StarType pattern in effect at your birth is: Aleister has a very powerful StarType, with strong innate wisdom and intuition (a wellspring of ideas and creativity), plus at least some awareness of his own creativity and the ability to look after his own interests. People who come in contact with him will sense his value and probably try to benefit from knowing him, so he should not let them take advantage of him.

It is not so much anything that he says or does consciously. Much of what makes Aleister so valuable is pre-verbal, kind of inset or built into his being - beyond words. This may be hard for him to understand or to come to terms with, that he is useful, beyond what he 'thinks' or he may bring to a situation.

This StarType is something like a wellspring, from which new ideas and information flows, information of use to whomever comes in contact with Aleister. It is hard to put a finger on his talent, and even harder to put a price on it.

The Psychologist

Another StarType pattern in effect at your birth is: Aleister's mind and psychological prowess is the key to understanding his StarType. It is ALL about mental processes and mental states. He has a very strong mind and could be an expert psychologist and, at any rate, cannot avoid learning about the mind in all of its inner mechanisms and wanderings.

Naturally compassionate and responsive, Aleister lives by his wits and intellectual abilities, and not by his group or people skills. If anything, he runs to the cool side. If there is any downside to all of this psychological prowess, it would be perhaps a tendency to get a little lost in the mind and wake up locked into one mental syndrome or another, some mental habit that is roaring like a freight train, who knows where. So take note.

The Craftsman

Another StarType pattern in effect at your birth is: Aleister is a very gifted Star*type, particularly when it comes to psychological or spiritual ideas, but with a practical twist. He can usually manifest his ideas on the physical plane, which many have great difficulty in doing. His mind is much more complex than average, and thus suited, as mentioned, to areas of the mind such as psychology, philosophy, and perhaps some of the spiritual disciplines. Seeing beyond the normal, even visionary concepts, are indicated. If there is one caution, it is the tendency to slip into syndromes, and to get caught up in the minutiae of the mind and have trouble extracting himself back to normal life.

Thinking

Another StarType pattern in effect at your birth is: This is not a StarType, but rather just one part of your overall makeup. It refers to getting things done, building something solid, but through guidance from the intellect. In other words, there is good eye-hand coordination here, using the mind to guide the hand to actual accomplishment. Strong physical manifestation, supported by good reasoning.

Completion-2

Another StarType pattern in effect at your birth is: This is a harmonic, a small pattern that is not a standard StarType in itself. It could use interfacing with many other StarTypes. While not a major StarType, this pattern that may appear and accompany major patterns, lending them its flavor. In this pattern, there is a sense of completion, getting things finalized or brought into shape or focus, so that there is a sense of being finished or concluded, as in: complete. The cycle is finished and returns to its starting point. The many are one.

Relating Potential

Another StarType pattern in effect at your birth is: Aleister has a kind of perpetual drive or urge for contact, to mix and meet other people, see and learn new things, and generally get right into a situation. His need to get close or make things happen can even lead to causing or provoking a response. He can be reactive, almost driven to be a catalyst in some situations, drawing reaction. This StarType usually occurs in combination with other types, rather than by itself.

Careful

Another StarType pattern in effect at your birth is: Aleister is hard-working and always ready to pitch in and help out. Not particularly touchy-feeling, he tends to be more reserved, depending on using his mind and mental abilities in most situations. He often does not assume folks can understand who he is, until he shows them what he can do or has done in the past.

Aleister excels in situations that demand responsibility and thinking-on-your-feet, in particular when it comes to service-oriented concerns, matters that demand real care.

And he is a hard worker.

Your Talent Cards

The various StarType patterns in the sky at the time of your birth are made up of particular planet configurations that form large cosmic diagrams. Keep in mind that not all talent cards are easy; some are difficult.

In some cases no cards are shown because the cards and their respective 'talents' are not identified within this particular configuration.

Summary

has great conceptual abilities, grasps things with his mind with... the patterns right off. In other words: he always sees the forest and the trees. This talent for grasping abstract concepts coupled with a broad vision makes him perfect for management that involves planning, organizational matters, and sizing things up. Learn more about StarType Families

StarTypes analysis excels in vocational and relationship analysis and it can be useful to know something about each of the four most common relationship roles that StarType covers, these roles indicated by the red, green, blue, and rose-colored borders of the StarType cards. Let's go over the basic relationship types.

First let's make sure that we are clear about what we mean by relationship, and this holds true for all relationships: lovers, friends, not-so-friends, co-workers, and even not-so-friends..

Any relationship of two persons, given time, usually resolves itself into one of four main general styles or types, in which each partner in the relationship takes on a particular role. Of course, the two classic roles are that of the "Lover" and the "Loved One," as in Romeo is the lover and Juliet is the object of his love or loved one. A more modern way of saying this might be that in most relationships, someone picks up the dirty socks (lover or caretaking role) and someone lets the socks lay there (loved one or taken-care-of role). StarType analysis is quite accurate at showing you ahead of time who is likely to be the Lover and who the Loved One. To make it easier, we use four colors to mark the four major types of relationships:

Green: The Lover

GREEN: The green-bordered cards represent "The Lover" StarType family. They take on the role of the lover, the observer and annotators, and the caretaker of the relationship.

Examples of classic green-bordered StarType patterns include the Grand Trine (#60), Kite (#5), Basket (#21), Wedge (#2), Mystic Rectangle (#4), and others.

Red: The Loved One

RED: The red-bordered StarType cards are reserved for the "Loved One" family, the ones who are watched, cared for, and observed. These are the StarTypes with all the charisma. They like attention and usually take on the role of the watched - the Loved One.

Examples of classic red-bordered cards include the T-Cross or T-Square (#1) and the Grand Cross (#3).

Blue: Independent

BLUE: Some chart patterns have both roles in a single natal chart, the role of the Lover and the Loved One. When both qualities ("Loved One" and "Lover") appear in the same chart, these are the "Independent" StarTypes, and their borders are blue. They can go both ways. In some relationships they take on the role of the Lover, but in others they assume the role of the Loved One. They are somewhat self-contained.

Examples of classic blue-bordered cards include T-Cross & Grand Trine (#7), Grand Cross & Grand Trine (#12), T-Cross & Wedge (#10), and others.

Rose: Multi-relationship

ROSE: And last, there is a small group of StarTypes that demand a lot of contact and relations, called appropriately the "Multi-" or Many-Relationships" StarTypes, which have rose colored borders.

Examples of classic rose-bordered cards include Within-a-Trine (#36) and Within-180 (#38).
